

GOVERNMENT READY TO ACT ON EVIDENCE

WILL PROCEED ON RATES CASE IF AIDED

Commercial Bodies Likely to Enter Complaint on New Railroad Rates

INDIVIDUAL SHIPPERS MAY SEEK INJUNCTIONS

Senate Passes Resolutions Seeking Information on Effects of Rate Advance

WASHINGTON, June 3.—Attorney General Wickersham declared today that the government will not proceed further against the rate increases unless shippers file protests against them. He declared, however, that the Department of Justice is ready to proceed if sufficient evidence is presented.

Wickersham's announcement followed the filing of freight rates increase by railroads in various parts of the country. The new tariffs provide from three to thirty-one per cent increase, affecting every shipping center in the country.

NEW INCREASE OF RATES LIKELY TO CAUSE WARFARE

CHICAGO, June 3.—Representatives of the leading commercial organizations of nineteen cities met here tonight to decide whether they will seek injunctions, or fight along other lines, against the proposed railroad rate increase, following the statement made today by the attorney general that the government will enter the fight providing proper complaint is filed with the department of justice, showing collusion between the roads in raising freight rates.

It is considered likely that the commercial organizations will file a complaint in Washington. Individual shippers may also bring injunction suits and both sides are lining up for a struggle. The roads enjoined by the federal courts are holding meetings to form a plan to conduct their fight.

SENATE AFTER INFORMATION ON INCREASED FREIGHT RATES

WASHINGTON, June 3.—The senate today adopted the Burton resolution instructing the Interstate Commerce Commission to report to the senate all available information regarding the proposed advance in railroad freight rates and to furnish one hundred examples of how the leading commodities will be affected by the rate increase.

STRIKE BREAKERS NOW REACHING CITY

Places of Metal Workers to be Filled—Strikers Claim 1500 Men Are Out

LOS ANGELES, June 3.—Importing outside labor to break the strike of the metal workers of this city was begun today. The strikers claim that eighteen hundred men are out, but the employers stick to the assertion that only five hundred have quit.

The police report no violence, and there has been no trouble up to date. The unionists say there is a prospect of the machinists and others joining the strikers within twenty-four hours.

KING BESTOWS TITLES ON HIMSELF AND QUEEN

LONDON, June 3.—King George, whose military rank has been inferior to that of some of his subjects, has assumed the highest rank in navy and army, making himself an admiral of the fleet and a field marshal.

He has also made Queen Mary a Lady of the Order of the Garter, following his father's example as to Queen Alexandra. These two are the only women belonging to the order.

8 Year Old Boy Had all Diseases In the Calendar

LOS ANGELES, June 3.—That an eight-year-old boy who has had scarlet fever, diphtheria, measles, chicken pox, a broken arm, and the toothache within three months should not be compelled to attend school is the contention of the mother of Willie McCauley. She appeared in the Juvenile Court today to combat the truancy officers who say the boy should be in school. Judge Wilbur held the case under advisement.

JAP CABINET IS MENACED

Socialist Plot to Kill Nippon Officials Said to Involve Prominent Men

TOKYO, June 3.—A Socialist plot, said to involve many prominent Japanese in an attempt on the life of Premier Katsura and other members of the cabinet, is being investigated today.

Six of the alleged conspirators have been arrested. They are reported to have received bombs from other conspirators, and to have planned wholesale assassinations.

DOXEY CASE ABOUT READY FOR JURY

Judge's Charge Was Startling—Must Find First Degree Murder or Acquit

ST. LOUIS, June 3.—The case of Mrs. Dora Doxey, on trial for the murder of William Erder, went to the jury late today. Judge Grimes' instructions are believed to be favorable to the defense, because he ordered the jury to eliminate all references to cacodylate soda from the evidence to be considered. The purchase of this drug by the woman's husband was a material point made by the prosecution. The prosecution alleged she used it to kill Erder with.

Charge Was Sensational

ST. LOUIS, June 3.—The case of Mrs. Dora Doxey, charged with the murder of William Erder, will go to the jury today.

Arguments of counsel are limited to two hours each. Attorney Johnson opened for the defense, declaring that the evidence against the woman was entirely circumstantial. Judge Grimes' charge to the jury that it must either find Mrs. Doxey guilty of first degree murder, with the death penalty or life imprisonment, or acquit her, created a sensation.

"THEY SAY" NAT AND EDNA HAVE PARTED

Rumor Declares the Goodwins Have Agreed to Disagree—Edna Protected

PARIS, June 3.—Nat Goodwin, the actor, and his wife, who was Edna Goodrich, the actress, have mutually agreed to separate, according to their friends here.

Mrs. Goodwin, who has just come to Paris from Carlsbad, where she has been "taking the springs," announced today that she was never going to return to the "constant worries" of married life.

It is declared that Mrs. Goodwin, probably foreseeing such a contingency as may have arisen, refused to marry Goodwin without a settlement, and that the income of a large amount of money was settled on her for life.

SKELLY ASKS TO BE LET OUT ON BAIL

Habeas Corpus Writ Issued—Hearing Set for Tuesday At 9 O'clock

PETITION FILED BY HIS ATTORNEYS

Letters of Administration on Mrs. Skelly's Estate Issued to H. G. Ames

Frank F. Skelly, charged with the murder of his wife, Ethel Skelly, at Westminster, will have a hearing in the superior court next Tuesday morning on an application for bail. Habeas corpus proceedings with the expectation of securing bail have been begun by Skelly and his attorneys, Williams & Rutan and Clyde Bishop. A writ was issued by Judge West yesterday evening, and was served upon Sheriff Lacy. The sheriff is commanded to bring Skelly into the superior court at 9 o'clock next Tuesday morning, June 7.

Skelly's attorneys will make a fight for bail on the ground that the evidence taken at the preliminary examination does not point conclusively to the defendant's guilt, and that therefore under the state law the defendant should be admitted to bail.

After reciting the fact that the preliminary examination on the charge of murder which was held before Justice of the Peace Smithwick on May 19 and 20, that Skelly was held to answer without bail and that a transcript of the proceedings of the preliminary examination has been filed, the petition for a writ of habeas corpus says:

"That from said transcript and from all the evidence introduced at said preliminary examination, the proof of the guilt of your petitioner under said charge is not evident, nor is the presumption thereof great, and he is not guilty of said charge."

"Wherefore, your petitioner prays that a writ of habeas corpus may be issued directed to the sheriff of the county of Orange directing him, the said sheriff, to produce the body of your petitioner at a time and place to be fixed by this court for the purpose of giving bail, and that you, the above entitled court admit your petitioner to bail, under said charge and fix the amount thereof."

Skelly has been taken from the county jail to the Santa Ana Hospital, once a day since he was taken from the hospital to the jail a week ago. The purpose of the short visits at the hospital is that his wounds may be dressed. Skelly's left hand is still in bad shape from the burns received at the time his wife was fatally burned.

It is known that the district attorney's office and the attorneys for the defense have been working hard to get into their possession, each for his side, every scrap of evidence bearing upon the case. If either side has gained knowledge of any important evidence not produced at the preliminary examination, that evidence has not been made public.

Will the district attorney's office be able to produce at the trial of the case any tangible evidence of a motive for the crime? This question has been asked scores of times by those who have been following the case.

Letters of administration on the estate of Mrs. Skelly were issued this morning to H. G. Ames, nominated as administrator by Skelly. A bond of \$300 is required. The estate consists of a lot in this city. F. D. Turner testified that search had been made for a will, but none was found.

"LOTTERY MAN" ACTOR TAKE CHANCE IN AIR

CHICAGO, June 3.—J. G. Shubert, the theatrical manager, has offered Glenn Curtis, the aviator, \$18,000 to bring Cyril Scott, the actor, from Atlantic City to Chicago for the opening performance of "The Lottery Man." Scott is willing, and Curtis is considering the matter.

President Sounds Note of Warning

Says Country Rapidly Reaching Its Highest Point of Development

Denounces Unscrupulous Lawyers, Socialists, Muckraking Magazines, Papers

ADA, Ohio, June 3.—In an address to the students of Ohio Northern University today, President Taft sounded a warning that the nation's prosperity cannot continue. He denounced the practice of attorneys who resort to every expedient to win cases rather than to seek justice.

"It is impossible to expect that the enormous trade growth of the last decade will continue," he said. "It is natural to expect that within ten years there will be a reaction, and possibly a panic. Nevertheless, the progress that has been made has been substantial."

Referring to many American attorneys he said the unscrupulousness of attorneys is responsible for the "disgraceful conditions we find in the administration of the law." He also turned his attention to "muckraking" newspapers and magazines, called "muckrakers," which rely for circulation on their vicious and unfounded attacks on men conspicuous in public life and society.

The president denounced Socialism. "It's success in government," he said, "would be a substitution of the tyranny of a governing committee in the distribution of theoretical rewards instead of a self-acting system in which the industrious are rewarded and the lazy fall behind. Needed government reforms are in the regulation and a greater restriction of the uses of private property, but the right of property should not be denied. The most discouraging problem now is municipal government. The most important issue of the future will be a question of private property or its destruction, which is socialism's deal."

27,000 people heard his speech. Four companies of militia kept the crowd from the platform. Taft was given an ovation. He will leave tonight for Detroit.

GOOD GOVERNMENT IN CITY COUNCIL

Los Angeles Names Candidates to Fill Vacancies Now Existing

LOS ANGELES, June 3.—At a late hour last night the returns from the primary election showed that the good government forces of Los Angeles had nominated the two men whom they most desired to go on the ticket for the special election June 30 to fill the two vacancies in the city council.

Returns also showed that as a result of a general apathy in the primary election yesterday, which resulted in an unusually small number of votes, one machine candidate, Barney Healy, secured the highest number of votes and will have first place on the ticket at the special election.

George H. Stewart, Good Government candidate, same second, and another machine candidate, Arthur D. Houghton, third, while Frederick J. Whiffin, the second Good Government candidate, came fourth.

GILLETT DENIES FRAME-UP STORY

Says His Words Were Distorted as to Jeffries-Johnson Fight—Can't Stop It

CHICAGO, June 3.—Governor Gillett left for the West last night, but before he started he denied the story that quotes him as saying the Jeffries-Johnson fight is a "frame-up," in which Johnson was to "lie down," else Jeffries would not fight with a negro.

Governor Gillett declares himself sick of the subject and will give no more interviews to be distorted. He says his personal views on prize fighting were so distorted as to make him say the proposed fight is crooked. He emphatically states that under the laws of California he could not stop the fight.

Echoes of De Lara Will be Sounded In U.S. Congress

LOS ANGELES, June 3.—John Kenneth Turner, author of a series of articles on "Barbarous Mexico" which appeared in an eastern magazine, started to Washington today to testify before a congressional investigating committee which will try to determine whether Mexican political refugees have been improperly prosecuted in the United States courts. Among other witnesses will be L. C. Gutierrez de Lara, a Mexican arrested in Los Angeles, charged with being an alien anarchist, several months ago.

FOLK FOR THE WHITE HOUSE

Speech of Reformer Leads to Belief That He Wants 1912 Nomination

ST. LOUIS, June 3.—That Joseph Folk is planning to seek the Democratic presidential nomination in 1912 is the general belief of those who attended the Democratic banquet last night. During his speech last night Folk said:

"There are Aldriches and Cannons in the Democratic party. Their number should be lessened. The country has reached a national crisis. It is time graft and corruption should be stamped out."

GOVERNMENT AIDS IN SEARCH FOR WENDLING

LOUISVILLE, Ky., June 3.—The United States government yesterday enlisted in the search of Joseph Wendling, wanted for the murder of Alma Keller. In answer to a telegram from Congressman Sherley, Secretary Knox wired a full description and information of Wendling, which, he said, will be cabled at once to the government's diplomatic and consular officers throughout the world.

FREEZING WEATHER IN MINNESOTA AND CANADA

MINNEAPOLIS, June 3.—Temperatures at or below freezing have been reported from thirteen weather stations of Minnesota and North Dakota. Frosts in Canada and several Minnesota points were reported. Crop damage is feared, although a wind prevailed that may have offered protection.

5 DEATHS RESULT FROM IMPURE MILK

Helpless Babes in Spokane Home Are Victims—Fifteen More Are Now Ill

SPOKANE, June 3.—Impure milk is blamed for the death of five babies at the Crittenden Rescue Home here within the last few days, and for the illness of fifteen other children at the home.

Milk inspectors say the cows had eaten poisoned mushrooms or weeds, or some adulterant had been placed in the milk, which, while not affecting adults, was fatal to children. Arrests may be made in connection with the affair.

OWENS RIVER WATER POWER APPLIED FOR

LOS ANGELES, June 3.—Chas. Colcock Jones, mining and electrical engineer, has applied to the Board of Water Commissioners for a minimum of 30,000 horse power, or one-fourth of the entire capacity of the Owens River aqueduct power plant. This power is asked in view of establishing an immense iron smelting and steel plant near San Pedro to use ore from the immense San Bernardino county mineral deposits.

As there are yet two years before the completion of the Owens river aqueduct, this application is significant of the industrial development that will open up on the completion of this immense water enterprise.

CHINA MAKES PROGRESS IN READY FOR OUTBREAK OF BLOOD

"Triad" Conspirators Gather Arms and Money for Uprising Against Manchu

FOREIGNERS ARE WARNED OF IMPENDING DANGER

Authorities Say They Cannot Control Forces—Frisco Chinese Give Aid

LONDON, June 3.—Dispatches from China today state that an impending anti-foreign outbreak is approaching a crisis. All legations and consulates have been warned by the Chinese revolutionary leaders, who say they will be powerless to prevent outrages.

The "Triad" composed of three leading political organizations is behind the threatened outbreak. It is reported that the triads have received arms and money from Chinese societies in foreign nations. The outbreak it is believed is aimed ultimately at the Manchu dynasty.

SAN FRANCISCO, June 3.—Information corroborating the report from a London news agency that the Chinese in America are exporting arms and ammunition for the use of rebels in a concerted rebellion against the Manchu dynasty, has been obtained from an authoritative source here.

It is stated that the rebels have spies throughout the city. These spies are being watched by the Chinese government representatives, sent here for that purpose. Many shipments are reported as already having been made from San Francisco. It is predicted from the same source that a rebellion will soon break that will involve the entire empire, and that foreigners will be in danger.

WATTS CARPENTER KILLS SELF--TRIES TO KILL HIS WIFE

WATTS, June 3.—Chris Tapel, a carpenter, aged forty-six, committed suicide today by shooting himself after an alleged attempt on his wife's life, and wounding Constable John Whaley.

Mrs. Tapel ran from the house crying that her husband had threatened to kill her. She called Whaley, who entered the house. Tapel shot at him, inflicting a slight wound, then turned the gun on himself and sent a bullet through his brain.

Before his wife ran screaming from the house Tapel shot at her twice with a shotgun, missing her. When Whaley entered he fired at him point blank with a charge of birdshot, painfully wounding the officer's face. He then shot himself in the head.

WATER USERS CONFER IN HOPES OF COMPROMISE

Yesterday and today meetings to compromise with the Gage Canal Co., but that company has laid claim to about 300 inches of water more than the local companies were willing to admit the canal company is entitled to. After the local companies had rejected the canal company's offer a committee was appointed to go over the entire matter again. That committee is now at work.

Among the users who met at Riverside yesterday was the Razono Water Co.

BATHHOUSE PROJECT GOOD

Hotel Company Liking Outlook Takes Stock Instead of Demanding Cash

COMMITTEE HERE TAKING SUBSCRIPTIONS

Work on Foundations Will Begin Next Week—Plans in Good Shape

That Newport Beach is going to have a fine new bathhouse and plunge is now assured.

Work on the foundations will begin next week, and the new building will be completed as soon as possible.

Considerable progress has been made in the project. Satisfied that the proposition was a good one, the owners of the hotel took stock in the corporation. The amount now subscribed is \$23,000. Today M. L. Orcutt and L. H. Wallace of Newport Beach and N. A. Ulm of Santa Ana are working here taking stock.

The bath house will face the ocean between the hotel and bank buildings. The plunge will be behind the hotel. The proposal is a go, and everyone who has investigated it says it looks like a good investment.

PERMANENT COURT OF PEACE SOUGHT

Believed That Congress and Powers Will Aid in Plan—Roosevelt as Head

WASHINGTON, June 3.—That Congress will agree to aid in a plan establishing a World Peace Commission with Theodore Roosevelt as chairman, is generally understood today.

The way was already paved by Secretary Knox's suggestion to establish an international arbitration court at The Hague by enlarging the powers of the peace court already established. It is believed the proposal will meet with the consent of the powers. Roosevelt's close friends believe he will consent to accept the chairmanship.

SAN DIEGO WOULD NOW ENLARGE HARBOR LINES

LOS ANGELES, June 3.—Lieutenant Charles T. Leeds, United States Engineer, has received the application of the San Diego Chamber of Commerce for the relocation of the harbor lines at San Diego. This step is taken by the commercial organization for the purpose of securing more anchorage room and longer wharves, necessary for the larger ships which are expected to come to the coast with the opening of the Panama canal.

THE SAME FOURTH OF JULY SENTIMENT GAINS GROUND LAW MAY BE PASSED HERE

Some of the Santa Ana city officials are considering the preparation and passage of an ordinance designed to encourage a "same Fourth." The manner of the encouragement would be legislation that would do away with the Fourth of July methods of the past.

John McFadden, chairman of the board of city trustees, learned when in San Francisco recently that that city was preparing an ordinance to do away with the use of firearms and explosives in the celebration of the nation's birthday.

Redlands and other cities are working along the same line. In fact, all over the nation the disasters of the Fourth of July have been such as to lead the people to look to methods doing away with the usual method of celebrating the Fourth.

The Popular Mechanics Magazine has the following in regard to a "same Fourth":

The annual celebration of our National birthday is rapidly approaching, and for scores of happy, healthy boys and girls who are now studying their lessons and romping with their playmates, the days of life are nearly ended. About one hundred days in this world is all that remains to them. It is almost a certainty that some of the

parents who read these lines, and think of the fatality as coming to other children than their own, will be among those to whom July 4th will hereafter bring only the saddest of memories.

Our indifference to the matter arises from the inborn human tendency to always think of disaster in the third person instead of the first, and thus no one is specialized. Suppose, for example, that congress voted to sacrifice one boy each year as a National Fourth of July offering—just one single boy. What an uproar we would all make! Suppose, in due process of law, the victim was selected and his name and residence announced some morning. Suppose, also, he was as unpromising and unlovable a youngster as could be found and he lived in a cross-roads village so small it was unknown beyond the county line. In a few hours the daily press would flood the country with extra editions, while editorial writers would hurl denunciation at the lawmakers while demanding a special session of congress, if necessary, to repeal so infamous a thing. Matters of the greatest business importance, social events of the first order and other doings of equal magnitude would have to appear in obscure portions of the papers. In every city, town

and hamlet petitions to the president would form as if by magic; people of every occupation would neglect their business in order to affix their signature, and before night several million names of angry and determined men and women would have signed the demand. To carry the argument to its extreme, we may even assume that congress refused to repeal, the president declined to intercede and the highest court did not interfere. An attempt to execute the decree would precipitate a civil war.

All this to save one unknown boy. And yet on July 4th, 1910, two hundred or more boys and girls will yield their lives to a form of celebration which has long ago ceased to be even patriotic.

While the basis is an impossible one, the pictured results would be true in every detail. An entire nation in arms to save one unwilling victim. The two hundred perish with only a passing notice by the public and sorrow confined to relatives and near friends. Then why should this annual sacrifice continue? Are not the two hundred of equal consequence as one? As long as we continue to be satisfied with brief annual regrets, and confine our efforts to mere talk, conditions will not change. Two things would seem to suggest as the logical course to bring about a remedy.

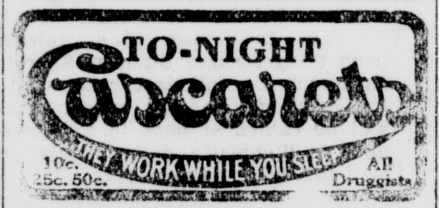

Something equally attractive to children must first be provided as a substitute; and

Second, the young people themselves must work to accomplish the change. This would probably be done by a national movement operating through the public schools.

To separate young America from toy pistols and dynamite crackers is no insignificant undertaking, but nothing to what the Spartan youths did voluntarily.

TAKEKAWA IS WINNER AGAIN

Civil Action Against Him Was
Decided Yesterday in
His Favor

Third Court Case Won by the
Japanese Banker in Last
Nine Months

M. Takekawa has won another victory in this county. It is his third legal victory here in the last nine months. First, he sued W. J. Hole to enforce a contract for the sale of La Habra valley lands from Hole to Takekawa, and judgment was in favor of the Japanese, then cashier of the Japanese American Bank of Los Angeles.

Following this judgment Takekawa was arrested on a charge of perjury, alleged to have been committed in the course of the trial of the civil action. He was held to answer for trial, but was given his freedom on habeas corpus proceedings, the defense alleging that there was no perjury since the false statement alleged was not in regard to any vital point at issue in the case.

In the meantime there was pending in the superior court of this county an action in which W. J. Hole was plaintiff and M. Takekawa defendant. This was a suit to force the Jap to deliver 100 acres of land in La Habra concerned in an option and contract set up in the complaint.

The trial of this case was concluded in the superior court yesterday afternoon, and Judge West entered judgment in favor of Takekawa. Thus Takekawa's third victory was scored.

The judgment was that the contract and option was defective. The figures in the contract had been changed since the signing of the document. Hole alleged this was done by agreement. The defense asserted that the contract was indefinite in description and under the law could not be enforced. The judge so held.

In the meantime, Takekawa has been having troubles in Los Angeles, where he was arrested for redeeming deposits at his bank after he knew it was insolvent and where he was arrested on a perjury charge.

OLD NEWPORT NEWS BUDGET

House Party Given by Mr. and Mrs. Von Schrittz—League Picnic Saturday

OLD NEWPORT, June 2.—A crowd assembled at the home of Mr. and Mrs. Will Devenney for a surprise dance on Wednesday evening. Refreshments were served.

Mr. and Mrs. Von Schrittz gave a house party at Newport Beach over Sunday. Those invited were Mrs. Mae Ellis, Mr. and Mrs. Miles Von Schrittz, Mr. and Mrs. Jeff Harlin, and Arthur Connelly.

The Epworth League picnic for Saturday, June 4, will be held at Rocky Point. A launch will convey all across the bay for fifteen cents each and return. Let all go early enough to meet in the Balboa pavilion at 9:30 a. m. All bring lunch for the picnic dinner to be served at noon.

Little Thelma Harlin is having a run of chicken pox.

Mrs. A. N. Johnson was called to Riverside on account of her mother's illness and death, the latter occurring on Monday.

Harvesting is on in full blast on San Joaquin. Mr. and Mrs. Tom Harlin are camping out there at present

on their ranch. The Epworth League held its monthly business meeting after prayer meeting Wednesday evening. Because of so large an attendance much business was transacted and new enterprises started. The reports of the officers were very interesting indeed.

PILES

"I have suffered with piles for thirty-six years. One year ago last April I began taking Cascarets for constipation. In the course of a week I noticed the piles began to disappear and at the end of six weeks they did not trouble me at all. Cascarets have done wonders for me. I am entirely cured and feel like a new man." George Kryder, Napoleon, O.

COMMITTEE IS HARD AT WORK

Tentative Plan in Mind for Giving This City a First Class Hotel

G. A. Edgar, E. D. Waffle, L. L. Shaw, H. J. Forgy and R. L. Forsyth, the men named on the committee to have in charge the devising of a plan for the remodeling and refurbishing of the Rossmore Hotel, held a meeting yesterday afternoon in Attorney Forgy's office, and began its work. A tentative plan was taken up for investigation. The men will work diligently and expect to bring the proposition to an early conclusion. The committeemen are all convinced that something must be done to give this city a first class hotel, and they believe the citizens and business men will back them up in a feasible plan.

TAFT TO THE RESCUE

By order of President Taft the attorney general has brought, in the United States court at Hannibal, Mo., an action which is one of the most important civil suits ever filed in this country. The principal involved and the interests concerned are country-wide and go right to the heart of the issues that have long and intimately concerned the people of the whole nation.

These issues lie between twenty-five railroads doing an interstate business and their patrons, the latter including not only the shippers, but the people who are dependent on these railroads for freight transportation.

The bill among other things alleges that on December 6th, 1906, twenty of the roads named "did combine, conspire, confederate and unlawfully agree to organize and become members of the Western Trunk Line committee, with the object of using said trunk line as a means of suppressing all competition between said defendants in interstate transportation, trade and commerce." At this time all the defendants are members of said trunk line committee, and by means of this device have suppressed competition in the carrying business, and on April 27th, 1910, gave notice of further advances in freight rates to take effect June 1st. To prevent this an injunction is sought, the petition alleging that the proposed rates are unreasonable and if they are allowed to go into effect "the citizens of the United States who ship commodities through the Western Trunk Line territory will be compelled to pay arbitrary and excessive rates."

It is well known to the readers of the Register that the Taft railroad bill provides for a court of commerce and that the interstate commerce commission may suspend the operation of any advances, such as the above, for the term of sixty days, during which time the reasonableness of the same may be investigated, and that such rates cannot go into effect until ordered by such court of commerce. The certainty that this will soon become a law has probably spurred the twenty-five railroads into action, in an effort to take time by the forelock and get in ahead of this law with their new rates. To prevent this the injunction is sought by Taft under the Sherman anti-trust act. The great fight is now on with first blood for the administration. A temporary injunction has been granted and every resource on either side will be exhausted, one to make it permanent and the other to get it dissolved.

The allegations of the petition amount to a case of conspiracy, the instrument by which it is done being this invention known as the Trunk Line committee, which has its headquarters in Chicago. The specific means by which the trick is turned are set out in full in the petition, and probably the first fight will be made on the insufficiency of these allegations. If they are decided to be sufficient, the injunction will stand pending a trial on the facts as alleged.

Aside from the legal questions in the case, the great practical one raised is as to whether or not the railroads shall absorb an undue proportion of the prosperity of the country, or whether they shall be content with their proper share. Have they power legally or by bringing irresistible pressure to bear, to dictate to the public what rates shall be paid? There's the question at stake, and it remains to be seen how it will be answered by the United States courts. As to the legal part of it there can be no question when a proper case is made, but as to the other part, we must wait and see. Taft is putting it up squarely to the courts, and if they do their duty as well and as faithfully as he has his, the public will at last get a square deal from the railroads, which will be none the less satisfactory for being compulsory.

BUSINESS VS. REFORM

And now the complaint comes from Chicago that the reformers are "damaging the business of the city." The mouthpiece of the complaint is one Frederick H. Rawson, president of

from coming. In this he is undoubtedly correct, for a knowledge of conditions as they exist in Chicago is enough to keep capital from the Windy City.

The trouble is primarily with Chicago itself and not with those who let the light in upon it. The howl about "injuring business" is always sent up whenever this is done, and Chicago is evidently no exception to this rule. The worst of it is that there are many business men like this banker, with whom this is the strongest argument that can be advanced. Nothing appeals to them like money, and when it comes to a question of improving conditions, the anxious inquiry is sent down the line, "Will it hurt business?" This was the cry when an effort was made to punish graft in San Francisco, and it had its effect. This was the howl when Los Angeles was in the throes of reform, but it did not prevail. This was the idea harped upon in San Bernardino when an attempt was made to rid the Gate City of saloon domination, and judging from the results it must have been very effective. No matter about the moral and social conditions; no matter how many go down to rise no

more; no matter who starves nor how many tragedies are enacted; no matter how many children go in rags, suffer for the necessities of life and are denied the advantages of civilization; no matter whose heart bleeds and no matter about anything but MONEY! MONEY!! MONEY!!!

This banker and his like are worse than the man who meets you on the highway and says, "Your money or your life!" You give the highwayman your money and he spares your life. But these "business" people take both at the same time. It is done slyly, sneakily and by "lying in wait," and if any one attempts to save the victims of the commercial highwaymen they rise up from behind their counters and denounce him as an enemy of the town. They know these things to be true, and so knowing them they ally themselves with every enemy of society, with everything that impedes the progress of civilization, and all because of a mad infatuation for money. They insist that all progress in every direction stop while they make money.

Of all the cranks known the money crank takes the cake.

HAIL AND SNOW STORM IN CHICAGO YESTERDAY

CHICAGO, June 3.—A heavy hail and snow storm, almost unprecedented in the weather record for the month of June, struck Chicago unexpectedly and unheralded by the weather bureau yesterday afternoon.

Rain which had begun to fall after intermittent sunshine, suddenly turned into snow and hail. The freakish June snow storm lasted but two and one-half minutes. It then turned into a rain and slight sleet.

PASADENA SELLS HOGS RAISED ON CITY FARM

PASADENA, June 3.—By collecting its garbage and feeding it to hogs on the city farm, Pasadena is becoming rich, according to figures presented city officials showing that within the year \$3318 worth of hogs have been turned into a number valued at \$9879. The city sold \$5914 worth of pork on foot. Mr. Watkins will renew his contract with the city immediately.

2000 YEARS OLD TURTLE REACHES SANTA MONICA

SANTA MONICA, June 2.—From the mystic Malibu coast has come a giant sea turtle that, according to some scientists, must have been celebrating the one hundredth anniversary of his birth about the time the three wise men were searching for the Star of Bethlehem. Those who profess to know something of the life and habits of these strange creatures of the deep are authority for the statement that this monster could not have been less than 2000 years of age. This turtle was of the leather-back variety and weighed 1500 pounds and is said to have been one of the largest ever captured. It came from near the mouth of Corral Canyon, seventeen miles from here, and was discovered on the beach by William Campbell.

WEALTHY SAN DIEGO RANCHER SUICIDES

SAN DIEGO, June 3.—Leaving a note saying he was tired of life, Joseph Russell, a rancher living near Pala, about forty miles northeast of this city, committed suicide last night by taking strychnine. Russell, with a brother, about two years ago leased the famous Montserrat ranch of 5000 acres. The two were said to be exceptionally prosperous.

Shortly after the supper hour tonight Joseph Russell was found dying in his room. Because of the remoteness of the locality it was impossible to procure medical assistance until several hours after death ensued. Russell was about forty-five years of age and was unmarried.

SAN BERNARDINO WILL ASK BONDS FOR POLY TECH

SAN BERNARDINO, June 3.—The San Bernardino city board of education is preparing to ask the voters to approve a bond issue in the sum of \$150,000 for a polytechnic building and equipment. A resolution will be introduced at the next meeting of the city council. The present high school and technical building are overcrowded, and unless new buildings are provided many students will be turned away when the school opens next fall.

Garden Grove Dinner Party
Mrs. J. G. Dunn of Garden Grove, was hostess Wednesday night at a pleasant 6:30 o'clock dinner, at which covers were laid for six. Some of the invited guests were Santa Anans. Hydrangeas were used in decoration.

To Attend Luncheons
Mrs. W. W. Crosier went to Los Angeles this morning for a two days' stay. She will be joined tomorrow by her daughters, Misses Mildred and Florence. Miss Florence will spend Sunday with Miss Grace Hogsett, who is attending the U. S. C.

While Mrs. Crosier is in Los Angeles she will be the guest at two social functions. One of these is a luncheon given today by Mrs. H. L. Payne in honor of Mrs. Whitmarsh and Miss Helen Whitmarsh of Cleveland, O. The other is a luncheon on tomorrow, given by Miss Schlicher, formerly of Santa Ana, as a surprise to her mother in honor of her birthday.

the week. At the Monday booth Mesdames Whitehead, Kryhl, Johnston, Wood and Evans dispensed "wash day" necessities, while Mrs. Oliver Remsburg, Mrs. Reuter and Miss Murdy presided over the Tuesday, or "ironing day" booth. "Mending day" was properly represented at the Wednesday booth, where Mesdames Padgham, Harris, Edgar and Horton were kept busy. "Reception day" was observed in Thursday's booth, where Mesdames Wotton and Overshiner dispensed delicious tea and wafers, the pretty Japanese cups being disposed of as souvenirs. Friday, "sweeping day," had a most practical booth, where Mesdames Coleman, Roscoe Whitte, Ey, Whitney, Grant La Frenaye sold many appropriate articles.

Mesdames Wollaston, Millward, Balcom and Hart sold all sorts of good things to eat from Saturday's booth, where "baking day" was represented. A lavender booth was taken care of by Mrs. H. S. Dearing, Misses Hubert and Jennie Lind. Mrs. D. A. Dale had charge of the fish pond, which was greatly enjoyed by the children. Mrs. John Taylor presided at the ice cream booth, assisted by the young ladies of St. Elizabeth's Guild.

Dancing was enjoyed in the evening. A generous sum of money was received from the bazaar to be added to the Guild fund, for which the ladies, young and old, are working zealously.

Haywood-Blodgett

Mrs. Mary M. Blodgett became the wife of John S. Haywood, a pioneer merchant of this city, at 6:30 o'clock last night. The ceremony was performed at the Haywood residence by Rev. W. H. Wotton. A number of friends of the parties were present.

Spanish Party

A unique affair in the annals of the Evening Whist Club was the entertainment given the members last night by Mr. and Mrs. Jack Porter at their charming home in Orange. The motif of the affair was Spanish, reminiscent of a recent automobile trip to Tia Juana, Mexico, by Mr. and Mrs. Porter and Mr. and Mrs. J. D. Thomas.

Spanish colors, red and yellow, were used throughout the decorations of the Porter home last evening and a delicious Spanish supper, prepared by the Porters' Spanish cook, was served in true Spanish style at 7 o'clock.

Various souvenirs of the Mexico trip received attention after supper, and proved a topic of interesting

chat. Whist games followed and the prizes awarded still further carried out the Spanish idea, serapas being given to the ladies winning best and second best scores, Mesdames Parke Roper and Maurice Yarnell. Mexican cigars went to the gentlemen prize winners, Parke Roper and W. A. Huff.

Architect W. Horace Austin of Long Beach, on Thursday morning submitted to the trustees of the local grammar school plans for the reconstruction of the school building. The money realized from the special tax to be levied in accordance with the result of the recent school election will be expended in adding to the old building a large new one and changing the former as much as is necessary to make the entire structure a handsome piece of architecture.

When the addition is completed the school building will be eighty-two by sixty-four feet in dimension, the smaller figures referring to the front view as the addition is to be built in the rear.

Frank Kerr has a Leghorn hen at the Whealen ranch near this city which lays eggs measuring eight inches around lengthways and six inches around the width. Mr. Kerr regrets that each of these big eggs counts only one and that it requires twelve of them to make a dozen, selling at the regular price.

W. R. C. Meeting

Yesterday's meeting of the W. R. C. was a well attended and enthusiastic affair. The ladies were in a congratulatory mood over the splendid success of Memorial Day, in which success they had no small part.

Routine business occupied the attention of the corps, besides the making of plans for the next corps tea, which is to be held on Friday, June 10, in charge of Mrs. Holly of Garden Grove, and for Flag Day, June 14. On Flag Day the women of the corps will give a patriotic entertainment at G. A. R. hall to which the public will be cordially invited.

An invitation was received from Mrs. Amy Rolfe of Garden Grove for the corps to spend Wednesday, June 15, at her home. On that day Mrs. Rolfe also entertains the ladies of the local W. C. T. U. Another invitation was received from Mrs. Reuben Bradley asking the corps ladies to spend a day with her at her home 3 1/2 miles northeast on Santa Clara avenue, the date to be fixed by the corps. Both invitations were gratefully accepted and the graciousness of the to-be-hostesses in extending the invitations was highly appreciated.

Will Go to Alta Vista

Miss Lida Crookshank will take her class of young ladies of the First Congregational Sunday school to Alta Vista tomorrow for a two days' stay at that pretty mountain resort.

To Have Memorial Day

The Modern Woodmen of America will observe next Sunday as Memorial Day, and will attend morning service at the First Congregational church in a body. Rev. Chas. H. Seccombe will preach the memorial sermon.

In the afternoon the graves of departed brethren will be decorated.

Business College Play

Appropos of the forthcoming comedy-drama to be given Tuesday night, June 7, at the Grand Opera House, by the 1910 class of Orange County Business College, it may be noted that the production is said to be the strongest play ever undertaken by the business college, and promises to be the best presented of any ever given. It fairly sparkles with wit and humor intermingled with pathos and dramatic situations.

The strong cast of eleven characters is wholly made up of students now in attendance at the college. These are Leon E. Griset of Tustin, Sophia Pohndorf of Santa Ana, Ethel Hoy of Orange, Ben Reisland of Santa Ana, J. Francis Emons of Garden

—There is no hay press manufactured that is of so light draft as the New Century. At the time the baling demands the greatest pressure the horses have the advantage of a compound leverage. J. C. Williams & Son, Orange.

PERSONALS

Mr. and Mrs. James Willis Rice left this morning for their home in South Pasadena, after spending two or three weeks here in charge of the Jas. S. Rice home during the absence of Mr. and Mrs. Rice at Yosemite. They went to attend a social function, and will return again in a few days, as they expect to remain here most of the summer. The climate of Pasadena is rather warm in summer, and they will enjoy the lovely summer of this valley.

Mrs. J. D. Thomas is in Los Angeles for a couple of days.

Miss Mabel Nickell, who has been teaching in Garden Grove during the past year, closes her grades today.

John Cubbon and R. T. Harris were among the business men who went to the city this morning.

Henry Tucker and Reuben Lackchide, who have been here for several months, Mr. Lackchide seeking improvement in his health, left yesterday for a few days' visit in Colton before going on to their home in Perry, Ill. Mr. Tucker has been for the last month with Ransom Reid, and Mr. Lackchide has been the guest of the J. F. Bradburys, East Walnut street.

Fred Ross was a passenger on the 7:40 Los Angeles bound car this morning.

Miss Alice Tiede spent today in the city.

Mrs. Susan Mullinix and Miss Florence Mullinix went to Los Angeles this morning.

Mrs. Richardson, who is spending the winter here, spent today in the city.

Miss Rose Rice, who began her duties on June 1 as secretary to the city superintendent of Los Angeles schools, is enjoying her new and responsible position. It is hoped she will be able to come down to Santa Ana next Tuesday night to sing at the Orange County Business College play at the Grand.

Rev. D. A. Parsons left yesterday morning for Houston, Texas. He will locate in Texas and have charge of the Eastern and Southern Conference of the Seven Day Adventists.

Fred Crosier went to Newport Beach this morning.

Mrs. E. B. Smith and Miss Marguerite Smith made a trip to Los Angeles this morning and may not return before tomorrow.

Mrs. C. A. Young and her daughter Helen have returned from their several months' sojourn in Germany, and are now at Oakland. Miss Helen was studying music while abroad.

Friends in Santa Ana have heard from the Youngs this week.

Mr. and Mrs. S. Matthews have returned from a month's sojourn at Elsinore Hot Springs, where Mr. Matthews was taking baths for his health. He received much benefit from the stay at the Springs.

Miss Leslie Smith went to Los Angeles yesterday to spend a couple of days with friends.

Mrs. George McPhee went up to the city last evening for a few days' visit with her friend, Mrs. Mowers.

C. L. Deimling, R. H. Brown, H. A. Leiby and C. E. Pendleton, all of the Southern California Edison Co., went by automobile to Whittier yesterday evening to attend a lodge affair at that city.

Mr. and Mrs. C. F. Crose of 222 Orange avenue, have returned from Long Beach, where they spent a couple of days with relatives, celebrating their wedding anniversary while absent.

Miss Dolg, who attended Brownsberger Business College, Los Angeles, last year, has registered at Orange County Business College for a course there.

Mrs. Fred Kelley, accompanied by her mother, Mrs. L. K. Glenn, arrived here yesterday from Needles, and will spend the summer in Santa Ana.

Mrs. G. D. Allen, daughter of Judge J. W. Towner, left yesterday for her home in Riverside, after a pleasant visit here. Mr. and Mrs. Allen came down particularly for the Robbins-Garnett nuptials.

J. W. Shaul, M. D., eye, ear, nose and throat. Glasses fitted. 110 1/2 East Fourth St., Santa Ana. Both Phones.

COMMITTEE CONFERS ABOUT ORGANIZATION OF STATE IRRIGATORS

E. E. Keach of this city, H. H. Garstin of Redlands and W. G. Fraser of Riverside, the committee appointed at the last Tri-County Reforestation meeting to take steps toward securing a state organization of irrigators, are meeting today in the office of Attorney Keach. The committee is endeavoring to lay out a definite plan of procedure looking to securing the state organization. The steps now being taken are preliminary and more in the nature of talking over what ought to be done to get the irrigators interested.

LOOK OUT FOR BRUSH FIRES

County Fire Warden John T. Combs Makes Headquarters in Oak Canyon

John T. Combs, who was recently appointed county fire warden, has received his appointment as a state fire warden, which gives him authority to enforce state fire laws. He will draw his pay from the county, commencing with June 1. Combs has made camp in Oak Canyon. His patrol district lies from the Trabuco canyon north on the west side of the Santa Ana mountains. Forest Ranger Burt Stephenson, a federal employee, will patrol the district from the Trabuco south, his headquarters being in San Juan canyon at the ranger's station a mile above the San Juan Hot Springs.

There is danger of mountain fires at any time, though the danger is greater later in the dry season. Campers and hunters should be just as careful now as at any time of the year, for the grass and brush will burn rapidly and disastrous fires may be started. Early this week as Ranger Stephenson of Corona and Ranger Stephenson of San Juan Capistrano were returning from a meeting of the forest employees of the Cleveland National Forest, held near Hemet, they were attracted by smoke to a grass fire on the forest reserve near Corona. The forest men fought the fire and soon had it out.

Campers should bear in mind the laws governing campfires. No campfire should be started until all dry leaves have been cleared away in all directions from the place where the fire is to be built. It is a misdemeanor to go off and leave any fire in a fireplace. The fire must be out. Covering with earth is not sufficient, as cattle might scatter the coals.

Saturday and Sunday special at the Dragon, caramel nut ice cream bricks in cartons. Pints 25c, quarts 50c.

TEACHERS RESIGN ON ACCOUNT OF SALARIES

IMPERIAL, June 1.—The entire teaching force of the Imperial Valley Union High School was re-elected for the next school year, but all except the principal have resigned because of the alleged inadequate salaries provided. The board arranged for a raise, but this has not proved satisfactory to the teachers, who declare that Imperial Valley salaries for teachers are below the average for other parts of Southern California.

What Do They Cure?

The above question is often asked concerning Dr. Pierce's two leading medicines, "Golden Medical Discovery" and "Favorite Prescription."

The answer is that "Golden Medical Discovery" is a most potent alterative or blood-purifier, and tonic or invigorator, and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the nasal passages, throat, bronchial tubes, stomach, bowels and bladder, curing a large percent of catarrhal cases whether the disease affects the nasal passages, the throat, larynx, bronchia, stomach (as catarrhal dyspepsia), bowels (as mucous colitis), bladder, uterus or other pelvic organs. Even in the chronic or ulcerative stages, these affections it is often successful in affecting cures.

The "Favorite Prescription" is advised for the treatment of all cases of irregularities incident to women only. It is a powerful yet gently acting invigorating tonic and nerve. For weak women, over-worked women, who are troubled by physicians of all the schools of practice as guides in prescribing, say of each ingredient entering into these medicines. The words of praise bestowed on the several ingredients entering into Dr. Pierce's medicines by such writers should have more weight than any amount of non-professional testimonials, because such men are writing for the guidance of their medical brethren and know whereof they speak.

Both medicines are non-alcoholic, non-secret, and contain no harmful habit-forming drugs, being composed of glyceric extracts of the roots of native American medicinal forest plants. They are both sold by dealers in medicine. You can't afford to accept as a substitute for one of these medicines of known composition, any secret nostrum.

Dr. Pierce's Pills, small, sugar-coated, easy to take as candy, regulate and invigorate stomach, liver and bowels.

MORE CARS TO BE PUT GOING

Huntington Beach Electric Line to Have Extra Service Beginning June 15

Huntington Beach News: Beginning on June 15 the summer schedule on the Pacific Electric railroad between this city and Los Angeles and between this city and Santa Ana will become effective. Passenger and Traffic Manager Munger has notified the local Board of Trade that its request for a time-table furnishing close connections by way of the Santa Fe railroad from Santa Ana between Huntington Beach and points on that line in Riverside, San Bernardino and adjoining counties has been granted. Passengers from these counties can by this arrangement reach this city in a shorter time than they can reach any other beach city. For instance, the trip from the city of San Bernardino can be made in two hours, and from other points on the Santa Fe railroad in proportionately short time. Besides this, excursion rates beginning June 1, inclusive, will be in force on the Santa Fe to Santa Ana from Arlington, Riverside, San Bernardino, Colton, Corona, Highland, Patton, Redlands, Highgrove and all stations in the counties named above.

The schedule between this city and Los Angeles provides for an hourly service with several trains between. On Saturday evenings, the last car for Los Angeles will leave Balboa at midnight and will therefore leave this city at 12:30 o'clock a.m. instead of 10:55 o'clock p.m. as at present.

Cars with trailers will be run as frequently as the service may require, and the rate from here to Los Angeles will be fifty cents for the round trip. No reduction in cost will be made in present rates to Santa Ana, which will remain at forty cents for the round trip.

A JAPANESE IN JAPAN

(A paper read in the First Baptist church of Santa Ana, May 23, by C. Toyoshima, a member of the Japanese Mission, Santa Ana.)

About fifty years ago Commodore Perry knocked at our door and made us awaken from a long slumber, and introduced us to the Western countries. In that time there was no Christian in Japan and most of the people were Buddhist and Shintoist, except a very few who were Roman Catholic secretly, because it was prohibited to believe in any other religion but Buddhism and Shintoism. When the Western civilization began to be imported, after the doors were opened, one of the governors in Kinshu Island, the western end of Japan, hired Captain James of the United States artillery, to let the boys of the Samurai learn about American artillery. He was a very Christian, and taught the Bible to them secretly. It was the first time in Japan that the Christian influences were given to our fellow country boys. A few years after Captain James came, Count Okuma visited this country to observe the civilization. Then he made up his mind to found an agricultural school in American system at Sapporo, Hokkaido, the northern part of Japan, and asked the United States government to recommend some teacher. The government introduced Dr. Clark to him, and he said to Count Okuma that if you grant me to teach Bible to the boys, I would go, otherwise I can't. Count Okuma is a Buddhist, and did not like very much to have the Bible taught to the boys. But he had heard of his reputation and was so eager to have him that he finally allowed him to do so. And soon after he came back to Japan the prohibition of any religion was abolished and both Captain James and Dr. Clark's works were quite successful and many Christians were made. Now the foreign missionaries began to come there gradually from the United States and Great Britain. Thus at first Christianity was brought to Japan by the scientists. Even now the Christian influences are very effectively being given by the foreign teachers.

In most of our schools higher than the grammar schools English lessons are taught and there is one or more foreign teachers even where there is no Christian church or missionary, and most of the foreign teachers are Christians. It is because they cannot save money in Japan as the foreigners. Living expenses are comparatively higher while the salaries are much lower than in any Western countries. Therefore most of the foreign teachers in Japan are Christians, who have some other ambition than making money.

There are about 150,000 Christians and about 100 mission schools; and about 20,000 pupils are studying in mission schools and about 2500 people are becoming Christians every year.

I won't deny that this successful work is the merit of the missionaries, but I think it is unjust not to share the merit with the foreign teachers.

Jesus taught His disciples: "Go ye into all the world and preach the gospel to every creature." So, it is our duty and responsibility to work among non-Christians to preach the gospel. Now, I think if we try to do as the foreign teachers are doing in Japan we can fulfill our duty and responsibility, whatever our occupation is and wherever we are.

Cottolene is the Original Pure Food Shortening

There are many imitations of Cottolene, but, like all imitations, they equal the original from which they are patterned only in claims.

Cottolene was the first pure substitute for unhealthy hog fat. It is still the best anti-lard product—in fact, the best and most healthful shortening you can buy today. Cottolene is a high-grade product, made from cotton seed oil refined by our exclusive process. Other products sold in place of Cottolene and claimed to be "just as good" are nothing more or less than cheap compounds, which always sell at from 1c to 2c a pound less than even hog lard.

Do not accept a substitute for Cottolene, for when you pay less you get less; even if Cottolene may cost you a few cents more than some other cooking fat, what does it amount to when you consider the difference in the two products from a health standpoint? Cottolene is the one and only dependable pure food shortening—it contains no hog fat, is always uniform, and makes pure, palatable, digestible, healthful food.

COTTOLENE is Guaranteed

Your grocer is hereby authorized to refund your money in case you are not pleased, after having given Cottolene a fair test.

Never Sold in Bulk

Cottolene is packed in pails with an air-tight top to keep it clean, fresh and wholesome, and prevent it from catching dust and absorbing disagreeable odors, such as fish, oil, etc.

DON'T PAY TWICE FOR THE SAME ROOF.

Iron, tin and most prepared roofings are really never paid for, because they need painting or coating every year or two. If you add to the cost of these roofings the cost of painting during the number of years in service, you will readily understand why.

J. M. ASBESTOS ROOFING—It will not rot or rust, is permanently durable and resists fire. No acids, chemical fumes, gases, heat or cold can affect it. Costs less than slate, iron or shingles. Can be applied by anyone. Ask for samples and prices.

LOS ANGELES PRODUCE MARKET
Three carloads of apricots arrived on the market from the north yesterday morning. The fruit sold well at a reduction of 25 cents per lug box, and by noon was well cleaned up. The drop was expected, as some of the houses wanted to lower the price the day before. The apricots are in excellent condition and as they are coming in in larger quantities every day, they will likely be still lower within a few days.

A car of Mexican tomatoes came in, but was not in as good condition as previous shipments have been, and consequently did not sell quite so rapidly. Cherries were active, selling at 9 and 10 cents per pound. Cantaloupes sold well at the same price as the previous day.

The egg market remained the same, with the most activity in local case counts. Eastern storage seconds were offered at 21½¢, but not taken. Receipts were 361 cases.

Butter receipts were rather heavy—50,106 pounds. California creamery firsts and extras were offered but not called for. Ladle and cooking butter were also placed on the market, but were not much in demand.

The cheese market was a little stronger. A quantity of eastern twins sold at 16½¢ cents per pound. Northern fresh, eastern longhorns and daisy, domestic and imported Swiss, brick cream and Limberger, were all offered at a little under quoted prices, but the only demand was for northern fresh, longhorns and domestic Swiss. Arrivals were 11,178 pounds.

The price of Lady Washington No. 1 beans went up 25 cents a sack. The market was very quiet, there being hardly any trading. No receipts of beans were reported.

Potato arrivals were 25 sacks. The market was very weak and the prices of Salinas and Longhorns were lowered several cents a sack. The prices of silverskins and chrysal wax onions were also cut quite a bit. Onion movements were very slow, the demand being very light.

The cucumber market was weaker, and shipments into the city were considerably heavier than usual. Good stock sold at 75 cents a dozen, with the smaller ones several cents cheaper. Strawberries were weaker, but prices remained unchanged. Raspberries and blackberries were stronger and sold well.

Receipts of all varieties of fish were light yesterday morning, and all were rather scarce.

LEGAL NOTICES

Notice of Sale of Bonds
—Notice is hereby given that the directors of Newbert Protection District, in the County of Orange, State of California, have declared their intention to sell, on June 7th, 1910, at 2 o'clock p. m., bonds of said Newbert Protection District in the amount of \$92,500.00, being 250 bonds of said district, for \$370.00 each, of series and numbers following:
First Series: Thirteen bonds, numbered 1 to 13, inclusive, payable January 1st, 1913.
Second Series: Fifteen bonds, numbered 26 to 40, inclusive, payable January 1st, 1920.
Third Series: Seventeen bonds, numbered 56 to 72, inclusive, payable January 1st, 1921.
Fourth Series: Twenty bonds, numbered 91 to 110, inclusive, payable January 1st, 1922.
Fifth Series: Twenty-three bonds, numbered 131 to 153, inclusive, payable

able January 1st, 1923.
Sixth Series: Twenty-five bonds, numbered 176 to 200, inclusive, payable January 1st, 1924.

LOCAL HIGH SCHOOL WON

Santa Ana Takes the County Championship in Game With Orange

Santa Ana High School won the baseball championship of Orange county yesterday afternoon, by overwhelmingly defeating Orange Union High School, the score being 10 to 1.

As pitcher, Witt was at his best. He was too nifty for the Orange

players to handle him yesterday. Tedford did some fancy slugging, while Pease held the position behind the bat in excellent style. Santa Ana made only one error.

The Orange players demonstrated no superior playing ability than they have in former games, and in many points have lost their former standard.

Santa Ana will now play Riverside for the Championship of Southern California.

The line-up for Santa Ana: Pease, catcher; Witt, pitcher; Tedford, first base; Reeves, second base; Warren, shortstop; Vawter, third base; Smith, left field; Parker, center field; Smiley, right field; Walters, substitute.

To the Apricot Growers of Orange County

There will be a meeting of the apricot growers of Orange county at the city hall in Santa Ana, on Saturday, June 4, at 2 o'clock p.m., for the purpose of considering a plan to form a Dried Fruit Association.

The object of organizing is to secure the highest possible price for our dried fruit.

A number of apricot growers met at Santa Ana last Saturday and appointed a committee to draft a plan of organization, which will be presented at this meeting.

Every apricot grower in Orange county is invited and urged to attend this meeting.

A. H. STUTSMAN, Chairman.
A. C. TIEDE, Secretary.

BUILDING HOMES FOR ITS FARMERS

Cottages and Barns Are Going Up on Leases in the New Lands

In the "new lands" on the San Joaquin ranch near the old ranch-house, a number of new houses and barns are being built by the ranch company for the ranchers. Cottages and barns are going up on the leases farmed by Henry Beasley and Jesse Glenn, partners, Joseph Glenn and C. K. Richart. Improvements upon Wiley Ambrose's lease have been completed. Richart and Ambrose are growing sugar beets. Richart, who lives on Newport Road at Tustin, will move to the lease as soon as the buildings are completed. He is growing beets on lands never before farmed. The lands will make a good crop this year, though the ground is a little too dry for a heavy crop.

PATHOLOGIST SAYS ALL THE WORLD IS TO GO CRAZY

BOSTON, June 3.—According to Dr. J. H. Kellogg, superintendent of the Battle Creek (Mich.) Sanitarium, everybody in the world will have come insane by the year 2175. Dr. Kellogg, a noted pathologist, is visiting here. He says:

"If the increase in insanity continues at its present rate we shall all be insane in 265 years from now. Physical degeneracy and chronic diseases are increasing. Insanity has increased 100 per cent in fifty years. There are 34,000 idiots and lunatics to every 1,000,000 people in the world."

MISTAKEN IN LOT HAULED AWAY HAY

Man Who Got Corners Mixed Got Product Belonging to Talcott

A comedy in hay occurred this week on Sycamore street. It came about because hay was grown on two corner lots at two different crossings. One large lot belonged to Earl Talcott, and the other, a smaller one, to Frank Clapp. The hay ripened and was cut. Clapp sent a man to his lot to rake the hay. Talcott raked his hay. Clapp's man went forth last Tuesday to haul the hay from Clapp's lot. He entered upon Talcott's lot and hauled away the product. Talcott was somewhat surprised, and he reported the matter to the officers. Today Constable Jackson found that Clapp's man had taken the hay by mistake. It also developed that when the hay was brought in Clapp said he thought there was more of it than he expected, and he asked the teamster if he was certain he got it off the right lot. "Of course I did," he replied. "Didn't I rake it, and oughtn't I know?"

HOUSE WOULD PUT LIMIT ON DEBATE

Want to Finish Postal Savings Bank Bill—Politics at Home Need Solons

WASHINGTON, June 3.—House leaders today are seeking to secure an agreement to limit debate on the postal savings bank bill. The five-minute rule will be utilized if consent can be obtained.

Legislators are anxious to finish the work on this bill to make room for other administration bills. With it out of the way they see the way clear to a speedy adjournment, which is desirable on account of approaching congressional elections.
